DAHLIA—JERSEY'S WHITE BEAUTY
HIGHEST QUALITY OF BULBS
PLANTS, SEED SPECIALTIES
AND SUNDRIES

LILIES ARE ONE OF OUR SPECIALTIES

Confidence

"... and my father did business with old Mr. Skidelsky when he first started."

So often our representatives tell us they hear this same remark, in varied words but all confirming that same CONFIDENCE.

It is not surprising then, that we so carefully guard our cherished treasure.

Our future progress stands on the original foundation built thirty-nine years ago by—S. S. Skidelsky.

Our history has proven its stability.

Profit?

... Sure. It's a by-product of service that we are anxious to give you all year round but, as with your customers, on some short orders our only profit is your GOOD WILL. Realizing this is our most valuable asset, we are most desirous of this business as well,—but "how about a break" on your

TULIPS, HYACINTHS and other DUTCH BULBS

Our prices are right. There is no compromise with Quality when you ...
BUY FROM

S. S. Skidelsky & Co.

Per SIDNEY H. SKIDELL.

Our Terms

All bills are subject to 2 per cent discount within ten days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceases thereafter. If the stock reaches you in bad condition, notify agent and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause can or will be made by us.

We endeavor to send out only the best quality of *Bulbs, Plants, Seeds* and *Cuttings*, but under no circumstances do we guarantee results of crops. If goods are not acceptable under these conditions, they must be returned to us at once.

Bulbs, whether shipped on arrival or placed in cold storage for later delivery, may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than *Bulbs*, claims must be made within five days after receipt or they cannot be recognized.

S.S.S. SEED SPECIALTIES

The Most Successful of The Newer NOVELTIES AND NECESSITIES FOR THE SUCCESSFUL FLORIST

We do not enjoy a reputation for cheap prices, BUT—we do, for HIGH QUALITY and YOUR MONEY'S WORTH . . . Save money on your seeds. Deduct 5% and send check with order—in the order-sheet-envelope enclosed.

SEED INSURANCE

First—Buy good seed—then use Formaldehyde Dust to insure getting it up and keeping it up. Absolutely and harmlessly controls damping off of seedlings. Directions with order. 5 Lbs., \$2.00; 25 Lb. Drum, \$5.50; 50 Lb. Drum, \$9.00.

AMARANTHUS

(Summer Poinsettia) Burbank's Molten
Fire.—An exceptionally showy plant..\$.50 \$1.00 \$3.00

S. S. S. BULB SPECIALTIES

For Immediate and Later Delivery

Less Lilies came into the country last Fall than for some few years past. With business pick-up well under way, better prices are bound to follow.

Our bulbs this year are well graded, firm and clean. There are none better. All of our Lilies are Government inspected, certified to be true to name and free from disease.

Start Right. Be Sure They Are Marked "S.S.S."

LILIUM GIGANTEUM

F.O.B. New York, Philadelphia, Chicago, Atlanta or Louisville. Look for the certificate of inspection on our cases.

April 23, 1935.

● The Giganteum Lilies we got from you were very good, and we did have the flowers just right.

6/8 (400 per case)	\$16.00
7/9 (300 per case) Northern only	18.00
8/9 (250 per case)	17.00
8/10 (225 per case)	18.00
9/10 (200 per case)	18.00

NORTHERN GROWN—add \$1.00 per case.

May 12, 1935.

- We wish to compliment you on the wonderful quality of both Gigs and Erabu furnished us. We had the largest bloom production per bulb from stock furnished us by you last season, that we have had in many years, and all blooms were of exceptionally large size. And we did not find a single diseased bulb in the entire lot.

BAUM'S HOME OF FLOWERS, Inc.
Karl Baum, Knoxville, Tenn.

LILIUM ERABU (True Erabu Island Grown)

F.O.B. New York, Chicago, or Camden, S. C.

	Per case
6/8 (400 per case)	\$15.00
7/9 (300 per case)	16.00
8/10 (225 per case)	17.00
9/10 (200 per case)	17.00
10/11 (160 per case)	18.00
11/13 (120 per case)	18.00

Recent years have proven that Erabu too keeps well in cold storage through the season. Since it produces better than other varieties, many now prefer it.

Look for the certificate of inspection on our cases.

May 29, 1935.

- We had the best Easter Lilies we have ever had. More blooms to the plant and less culls.

PEACHTREE FLORIST,
R. H. Busch, Atlanta, Ga.

S. S. S. PLANT SPECIALTIES

CARNATIONS

NEW VARIETIES

All Varieties—Except Where Noted. 250 at 1000 Rate.

Again introducing some British varieties of outstanding merit, that promise to stay in that classification for some years to come.

Last year's introductions are measuring up to our fondest hopes.

Results of the first year have stimulated the demand far beyond expectations, and the future for these new comers is brighter than ever.

If you grow Carnations, some day you will buy them. Why not now?

Get them before they become standard. Enjoy the publicity and price that novelties command.

Purity. A giant pure white, the size of Laddie, having all other characteristics of Ivory (one of its parents) including productivity. In spite of the price, a surprisingly large quantity is being sold.

\$12.00 per doz. \$90.00 per 100.

Dichling. A rich luminous shade of Dark Pink. Free from Magenta. Deep rounded flower of perfect form and good size. Magnificent habit of growth. Makes a bushy plant. Very free and healthy. Long erect stems with perfect calyx. A worthy variety, to fill all demands for a real good Dark Pink Carnation, and one which will be widely grown. On test as a cut flower, Dichling has lasted twenty days in a fresh state.

Guy Allwood. Delightful Salmon Pink of Laddie shade, but richer in tone during Spring and Summer. A superior variety to Laddie in color, freedom of flower, ease of propagation and perfume. Guy Allwood, producing as it does, two flowers to one of Laddie's, is undoubtedly the best variety in its color class today.

Dairy Maid. White ground, heavily striped pink toward the edge of petals; a charming coloring. The flowers are large and full, with rich fragrance. The growth is exceptionally robust, healthy, and free flowering. In Dairy Maid we have the finest variety of similar colorings. It seems faultless and is a pleasure to cultivate. A good keeper and a grand show variety.

All above \$30.00 per 100, \$250.00 per 1000

Last Year's British Introductions

Robert Allwood. A scarlet of large size and excellent form. A very strong habit of growth with erect stems, and calyx that never bursts. Vivid scarlet during the four seasons of the year, and a good keeper.

Dimity. White, variegated deep claret. This is an Eldora seedling, having the strength, constitution and ease of cultivation of its parent. A heavy producer of good keeping, high class flowers.

Wivelsfield Claret. The best in the claret and purple shades. A strong grower, making a large plant with fine flowers and rigid stems. Excellent keeper and a good seller.

All above \$20.00 per 100, \$150.00 per 1000.

New Introductions

Peter Fisher (C. B. Johnson). Exquisite shade of lively pink, (Briarcliff color). A seedling from a white sport of Sophelia, and Ivory. Fringed flowers, 3 to 3½ inches across, perfect throughout the whole season, with non-splitting calyx. A fine keeper, shipper and seller.

The stem is just the right length and has ample

strength to hold the flower gracefully.

Early and free blooming,—a combination in growth of its parents. An excellent grower, clean and easily propagated.

\$12.50 per 100, \$100.00 per 1000

King Cardinal (Baur, Steinkamp & Co.). A wonderful red Carnation. A large flower of brilliant deep red color, measuring up to 4 inches, on a strong stem which carries the flower erect. It comes into bloom early, is free and continuous. Splits in this variety are unknown. It makes fine plants in the field and transplants easily, or does very well when grown inside continuously.

King Cardinal is a red carnation the trade is looking for. It has no peer in its color. It is being released under Patent with permission to propagate without limit for your own planting.

\$12.00 per 100, \$100.00 per 1000.

Greatheart (Stephen E. Shaw). A deep rose pink, (Ward shade) of exceptional size and quality. It is without question the largest Carnation ever offered. It has a lively glowing color, beautiful in any light. Flowers are of consistently perfect form, of uniform large size, reaching to 4½" in diameter and better. Buds are large and open up to form a strong perfect calyx, holding its petals to best advantage, with practically no splits. The strong stiff stems are in keeping with the rest of the flower.

It always attracts much attention wherever shown, and never fails to win highest honors. Greatheart will constantly produce quality flowers without cropping, way into hot Summer.

Greatheart was a 1928 Seedling and has been thoroughly tested for several years. It always commands an extra price in the market.

Released under patent, but not restricted for your own propagating.

\$20.00 per 100, \$150.00 per 1000.

No Shipment Under 100. 500 at Thousand Rate

Pirate Gold (Theo. Hengstenberg & Sons). A beautiful novelty under any light. A deep golden yellow, flecked with a variegation of blood red. All that could be desired in a Carnation exists in Pirate Gold. (No restrictions.)

\$12.00 per 100, \$100.00 per 1000.

Aida (The Wm. Sim Carnation Co.) A salmon Pink Seedling of 1932. Although the flowers are very large, they are carried on exceedingly strong stems. The plants are large and vigorous, and the variety blooms continuously without splitting. Ships well, keeps well and is very popular with the retail florist.

Atlantis (The Wm. Sim Carnation Co.). Also 1932 seedling. Hermosa Pink. Non-splitting. It blooms early and continuously, producing an abundance of lovely flowers.

White My Love (Wm. Sim Carnation Co.) A pure white sport of My Love, having all the characteristics of the parent plant.

All above \$15.00 per 100, \$125.00 per 1000.

Marshall (Edw. Winkler). A free blooming pure white of medium size. It blooms with good length of stem from the start. Not subject to blight. No restrictions.

\$12.00 per 100, \$100.00 per 1000.

Snowwhite (Winfield S. Kircher). A 1928 Seedling. Produces early and continuously on strong straight stems of good length from the first of the season. Flowers large and perfect in form. Cuttings root easily. Does not split. Splendid field plant. Easily benched. Every break a flower shoot.

\$12.00 per 100, \$100.00 per 1000.

● AVOID GRAY HAIR. In over thirty years of growing plants under glass, and using many kinds of insecticides, HITOX is absolutely the best I have tried. Its work on Red Spider is wonderful. If I could have found such a killer years ago, I would not have so many gray hairs now.

A. R. PAINE, Baldwinsville, Mass.

CHRYSANTHEMUMS

S. S. S. Certified Stock

A condensed representative list, from which the average grower can confidently choose his requirements. All are **proven** varieties, considering **health** and **vigor of growth**, **quality** and **size of flowers**, and **acceptance of the buying public**.

However, we have a complete 'Mum list available for the asking.

Start right.—Plant S.S.S. Certified Stock. Strong, clean and healthy cuttings, well rooted, of even size when you want them—if you place your order with S. S. S. & Co. Please place it early. We will both be better pleased. DON'T BUY CHEAP STOCK. IT'S TOO EXPENSIVE.

CHRYSANTHEMUMS AND POMPONS

New Varieties

Yellow Ambassador—Mum. Yellow sport from Ambassador. The worth of its parent being well known should assure its popularity.

\$12.00 per 100, \$100.00 per 1000.

Glow—(Seedling 53-32). A real "quality" Pompon, that sells on sight. Glowing orange with deep reddish orange center. The flower is about 2 inches across, perfect rounded form, carried several to a spray and well placed, so that each flower appears to advantage. Growth, wiry and erect. Production, good for a fancy Pompon. Keeping qualities, excellent. Ready to cut Thanksgiving. Can be grown cool for mid-December cutting. Spaced 7" x 7", it is a money maker. Height 3½ to 4 feet.

C. S. A. Silver Medal, highest award for Seedling Pompons, and Silver Medal Special Class for most distinct and meritorious novelty, at Detroit, 1935.

\$15.00 per 100, \$125.00 per 1000

Buttercup—(Seedling 111-33-CK) Pompon. Not just another

yellow. The best yellow yet introduced for late December. Large flowers 2½ to 3" across—good form and produced in branching sprays. Color, pure buttercup yellow. Growth, strong and healthy. 4 Ft. Fine keeping qualities. It will prove a popular and highly profitable market variety. Ships well, grows and propagates freely. Plant 8" x 8". Matures December 5th.

\$15.00 per 100, \$125.00 per 1000

Tom Pearson. Late mid-season Spray Pompon. Unusually productive and sturdy habit, carrying well flowered sprays. Color, an intense deep gold. The full center forming an emerald gold cast, producing a very attractive contrast. The flowers possess excellent substance as well as fullness.

\$15.00 per 100, \$125.00 per 1000

Fez—(Seedling 20-26) Pompon. A distinct variety, perfect in form and color. A fine chestnut crimson that commands attention on the market. Flowers, small, about 1½" across. Fine in form and arrangement. Growth upright and sturdy. Keeps splendidly and will prove profitable, if you have an outlet that appreciates quality. 3½ to 4 Ft. Matures Nov. 10th.

\$10.00 per 100, \$90.00 per 1000

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

S. S. S. MUM SPECIALTIES

Beuneta A large button flowering in late November. Produces rigid well flowered sprays of many bronze flowers tipped with gold. Desirable because it is different from any other variety, coming into bloom at this time. A sturdy grower and good producer.

\$15.00 per 100, \$125.00 per 1000

Tagoya. An outstanding single, producing rigid well formed sprays with flowers of excellent substance. Color, a brilliant goya red, overlaid with a rose sheen, forming a brilliant and very attractive combination. Growth very sturdy but somewhat dwarf. Excellent for pot plants. Very productive and does not require disbudding.

C. S. A. Silver Medal for best undissected single for 1935. Admired by all who have seen it. Matures Nov. 1st to 5th.

\$15.00 per 100, \$125.00 per 1000

Orchid Beauty. An unusually attractive **Anemone**. Growth very rigid. Perfect spray formation. Requires no disbudding. Color, an intense orchid with light golden cushion. Matures about Nov. 15th. Distinct from any other **Anemone** flowering at this time. C. S. A. Silver Medal 1935.

\$15.00 per 100, \$125.00 per 1000

Yellow Blanche—Anemone. Yellow sport from Blanche. Like it in every respect except color.

\$12.00 per 100, \$100.00 per 1000

Red Rolinda—Anemone. Red sport of Rolinda and identical to it, except color, which is scarlet crimson. The merits of Rolinda are well known and this color is a pleasant contribution.

\$12.00 per 100, \$100.00 per 1000

Yellow Rolinda—Anemone. A deep golden yellow, sport of Rolinda. Fine in spray or disbudded.

\$12.00 per 100, \$100.00 per 1000

Early White Garza Supreme—Anemone. As the name implies, this variety blooms much earlier than Garza Supreme, and contrary to it's parent, they bloom at one time instead of extending over a period of a month or more, making it possible to clean off the bench at Thanksgiving time.

The flowers are pure white, and a heavy producer.

We do not hesitate to recommend this variety very highly.

\$12.00 per 100, \$100.00 per 1000

\$14.00 per 100, \$130.00 per 1000.

Better Times subject to price set by Patentee.

HARDY FIELD GROWN ROSES

For Easter and later blooming.

ALL THE POPULAR VARIETIES.

XXX No. 1 and Lighter Grades

Send us your list of requirements, specifying size and delivery date. We will gladly quote.

We prefer not issuing a list at this time, since many varieties are already out and our stock is diminishing rapidly. May we substitute if necessary?

ROSES FOR LINING OUT

We will gladly quote on clean, strong, and stocky Own Root plants, on receipt of your "want" list. Any varieties out of 2¼ or 4 inch pots.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

DAHLIA

Jersey's White Beauty

Originated and disseminated by William H. Waite.

The **FINEST COMMERCIAL** introduction since
Jersey's Beauty.

The **BEST PURE WHITE** up to the present time.

SIZE—Normally 5 to 7 inches.

STEM—Perfect. Slender and stiff.

SUBSTANCE—Good. The petals having a waxy firmness. An excellent keeper.

FOLIAGE—Splendid. Not coarse. Can all be used on the flower when cut.

GROWTH—Upright. Every shoot produces a long stemmed flower. It may be planted as close as two feet in the rows without support.

- An early and continuous bloomer. Stock planted in May will bloom from early August until frost. The flowers open very fast and are always perfect; no bull-heads and no open centers.

JERSEY'S WHITE BEAUTY is unusually disease resistant.

Only Genuine Plants
Bear This Signature

Mr. Waite says: "I have had Jersey's White Beauty for the past five years, and have not yet seen a stunted plant. If it is possible to have a better cut flower Dahlia than Jersey's Beauty, we have it here as "White Beauty". Being white, it does not fade in the sun like the pink, and the stems and foliage are more pleasing.

Since introducing Jersey's Beauty thirteen years ago, I have raised thousands of Seedlings and have had all the other new ones on trial. I have no hesitation in saying, "JERSEY'S WHITE BEAUTY" is the most perfect Dahlia I have ever raised. I predict a greater future for Jersey's White Beauty than has had the pink."

FLOWER GROWER DECEMBER, 1935.

For several years I have watched this Dahlia, and during the past two seasons it has achieved the position of a "sell out" in the New York Cut Flower Market, as a white. In the 1935 New York Show, it won as the best white formal in the section for medium size blooms. . . . the blooms are very much the same as Jersey's Beauty, except that it is a more profuse bloomer.

FIRST PRIZE Monmouth County Horticultural Society 1934 and 1935

FIRST PRIZE American Dahlia Society, 1935

CERTIFICATE OF MERIT Elberon Horticultural Society, 1935

CERTIFICATE OF MERIT Albany Florists Club, 1935

FLORISTS EXCHANGE OCTOBER 26, 1935

. . . A white variety that will undoubtedly win much favor, is JERSEY'S WHITE BEAUTY. A typical commercial variety. The blooms come within the American Dahlia Society's new classification for Medium Formal Decorative. In the opinion of many, it is the best white cut flower variety in sight.

JERSEY'S WHITE BEAUTY IS IN DEMAND . STOCK IS LIMITED . DON'T BE DISAPPOINTED
ORDER PLANTS NOW FOR SPRING DELIVERY

Plants \$3.00 each

\$27.50 for ten

\$250.00 per hundred, for 25 or more.

● Mr. Grower:

You know what Jersey's Beauty is and what it has done.

JERSEY'S WHITE BEAUTY has all the finest qualities of Jersey's Beauty, is more productive and a better keeper.

It is Pure White,—the color now going strong.

JERSEY'S WHITE BEAUTY is the finest commercial cut flower Dahlia yet introduced. Mr. Waite has been growing it for five years. It is no longer an experiment.

JERSEY'S WHITE BEAUTY IS HERE.

ORDER NOW to have a supply of truly fine Pure White high class flowers all season.

● Mr. Retailer:

JERSEY'S WHITE BEAUTY hands you an opportunity to boost your Spring sales. Get in on the ground floor.

Seed stores are capitalizing it.

It is being advertised in

The American Dahlia Society's Bulletin

The Flower Grower

Horticulture

The Gardeners Chronicle, not to mention

Posters and write-ups everywhere to help you

To retail at \$5.00 per plant.

JERSEY'S WHITE BEAUTY is in demand. The stock is limited. Don't be disappointed. Place a quantity ORDER NOW for Spring delivery. Orders will be shipped in rotation of acceptance.

Wholesale price to the trade

Plants \$3.00 each, 10 for \$27.50

\$250.00 per 100 for 25 or more.

If your orders total 25 plants by the end of the season, you will be credited with the difference between what you have paid and the hundred rate.

Write for our popular list of Dahlias.

For additional profits next Summer, PLANT PERENNIALS. Write for our complete illustrated catalogue.

Cut Expenses with a Deming Greenhouse Sprayer

Economical because it is FASTER. Cuts spraying time in half. Requires only one man to spray, and none to operate it. It does not get tired pumping.

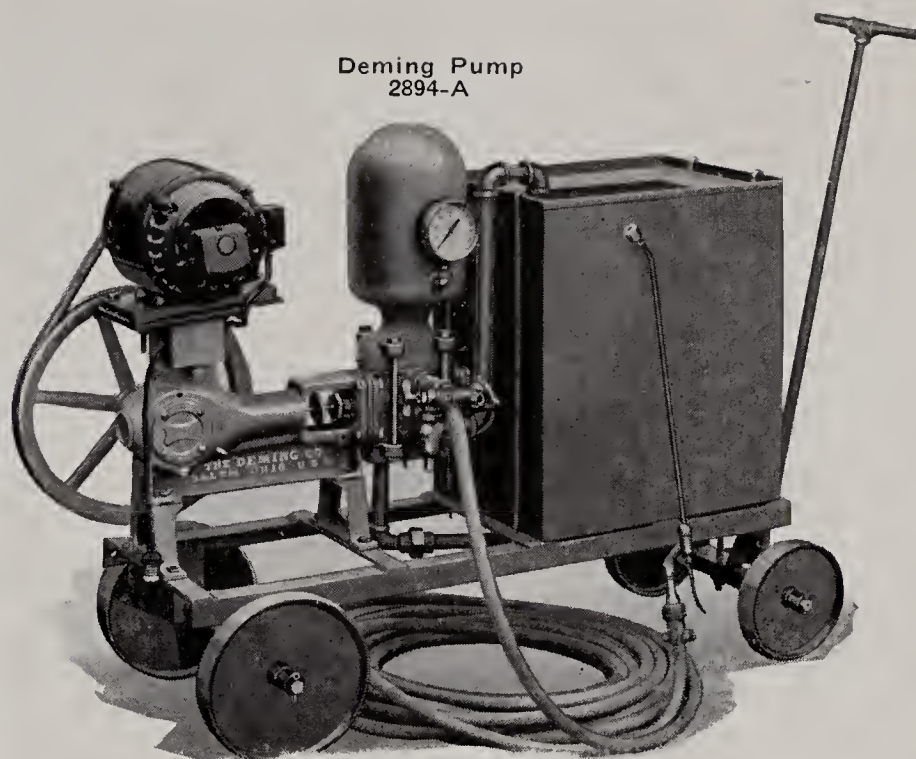

300 pounds of CONSTANT pressure producing an intense mist insuring PERFECT COVERAGE.

SAVES Time—Labor—Spray Material and Does a Far Better Job.

Outfit is only 18 inches wide to permit drawing through walks. Practical for Shading, Whitewashing, etc.

A Machine you will be proud of. Many leading Florists already have them.

This is NOT an expense. It is an INVESTMENT for a better future. The progressive florist cannot afford to be without it.

Deming Pump
2894-A

SPECIFICATIONS

No. 2894-A.—Includes automatically oiled high pressure pump, ½ H. P. Deming Pump motor (110 Volt) single phase, (repulsion induction type) and double "V" belt. 20 Gallon galvanized tank with removable strainer. Pressure gauge. By-pass and relief valve. Single connection for attaching hose. New prime start feature.

50 Ft. 3/8 in. high pressure discharge hose, automatic shut-off and special 18" extension nozzle **\$176.00**

No. 2894-B.—¾ H. P. Electric motor and double connection for use with two lines of hose **\$187.00**

No. 2894-G.—Same outfit as No. 2894-A, except ½ H. P. Gasoline engine operated **\$195.00**

No. 2894-BG.—Same outfit as No. 2894-B except 1 H. P. Gasoline engine operated **\$215.00**

Mounted on pneumatic aeroplane tires, add **\$15.00**

Extra fifty foot section, 3/8 in. high pressure hose, automatic shut-off cock and 18" extension nozzle **\$16.00**

3/8 in. high pressure hose, per foot **.28**

Write for booklet listing Pumping Units alone, (to install in shed, where houses are piped). Complete outfits on skids, etc.

SUMMER AND FALL BULB ITEMS

No Ballyboo . . . No Confusing Names . . . Just Fine Bulbs.

BLUE DIAMOND

YOUR GUARANTEE OF QUALITY

ALL of our Lilies are especially selected for us at their source. We sell only one grade. The highest grade possible to buy. INSPECTED and certified by the Government to be true to name and free from disease.

NO wild promises. Just a record of "Top" past performances.

Our reputation of thirty-nine years of faithful service delivering high quality bulbs, stands behind the Blue Diamond.

GET BLUE DIAMOND AND BE SURE.

Lilium Wonderbell

LILIUM WONDERBELL

F.O.B. New York only.

A very strong grower, having dense foliage of deep color, and exceptionally clean.

Produces tremendous wax-like flowers with a leathery texture.

Grow it like Erabu.

WARNING—Don't be sold something "just as good" or a Lily misrepresented to be the "same thing".

S. S. Skidelsky & Co. are the sole distributors of Wonderbell, the finest strain of its type. The crop is still very limited.

Get the real thing—Buy Wonderbell—and ORDER IT NOW.

All sizes packed the same count per case as Erabu or Giganteum. Prices to be quoted in due season.

Lilium Giganteum . . . Lilium Erabu

F.O.B. New York, Philadelphia, Pittsburgh, Chicago, Atlanta or Louisville. Delivery on arrival, unless otherwise noted.

We are now booking import orders at market prices, with a guarantee against any price decline up to date of delivery.

May we book your order subject to price, to be quoted before shipping?

HARDY LILIES

Album, Auratum, Magnificum, Rubrum, Melpomene, Candidum, Henryii, Umbellatum, Tenuifolium, Krameri, (Japonicum), Canadense, Superbum, Elegans.

LILIUM HARRISII

F.O.B. New York only.

Order your Blue Diamond Harrisii NOW. See Back Cover.

Don't neglect it this year.

Still the earliest flowering new crop Lily we know.

More flowers with less fuel than any other Lily blooming at the same time.

We know of no more profitable crop for the retail grower.

6/7 (335 per case)	9/11 (100 per case)
7/9 (200 per case)	11/13 (50 per case)

SUMMER AND FALL BULB ITEMS

A few "Good-will Builders" that make profits for the retail grower.

Oh! - - - OO! - - Ah!

It is always a pleasure to show "something different."

It is good advertising, good salesmanship and peps up sales.

DAPHNE CNEORUM

The new popular addition in pot plants that the whole trade is talking about. You used to know it as the "old time favorite" in Rock gardens.

Our plants are trimmed and well shaped.

Well finished, they form a magnificent solid pink globe of most fragrant blossoms. The individual flower resembles Bouvardia. Can be had in flower from St. Valentine's Day through the Spring holiday season, and bloom again early in Fall. The Fall flowering quality makes it extremely desirable for the garden, after flowering in the home.

A quick, clean and profitable proposition for the up-to-date florist.

Grow it like Hardy Azaleas.

Cultural suggestions on request.

LEUCOCORYNE IXIODES ODORATA

(Glory of the Sun)

Bulbs similar to Ixia. Flowers sweet scented and will keep for two weeks or more. Stems 18 inches and wiry.

A fine cut flower. Beautiful clear blue, star shaped flower with white center. Grown about the same as Freesia.

ORNITHOGALUM

Aureum (Golden Chinchinchee of South Africa). The rich apricot-orange color and very long lasting quality of this flower, are its outstanding merits. Cut flowers will keep for over a month, while in a pot, they will bloom for a period of several months. Stem about 12 inches tall, strong and dark green. Culture easy. An outstanding pot plant.

Thyrsoides (White). Beautiful, large spike of satiny white flowers with brown eye, on long strong stems.

GLADIOLUS TRISTIS CONCOLOR

A Lily like fragrant Glad. Lemon yellow flowers on wiry stems 30 to 48 inches long. An ideal cut flower that keeps well. A beautiful novelty. Grown like Freesias.

Some of our Callas "at home in the Northwest"

Anemone De Caen Hybrids

ANEMONES

Monarch DeCaen. Immense Poppy shaped flowers of the most attractive and varied colors on long strong stems.

St. Brigid. "Creagh Castle." Large semi-double flowers of the most brilliant hues and delicate shades of color.

Chrysantheflora. Similar to St. Brigid but a larger proportion of double flowers, with petals that are finer divided. Gorgeous colors.

His Excellency. A grand variety bearing single flowers 3 inches across, of the most vivid vermillion with silver white base and handsome black center.

Blue Poppy. A most attractive strain of very large single flowers, running all shades of blue.

RANUNCULUS

Tecolote Giants Mixed. By far the largest and most magnificent strain. Very double, blended with giant semi-double flowers in orange, red, yellow and pink shades.

Tecolote Giants Yellow. The same large Peony flowered strain as above. Colors running through entire range of yellows.

Tecolote Giants Gold. Giant double and semi-double flowers of golden Yellow.

Tecolote Giants Red. Giant Peony flowered in all shades of red.

IXIAS

Grows 1 to 2 Ft. tall, bearing six to twelve flowers, slightly resembling a miniature Gladiolus. All the most brilliant colors; separate or mixed.

Fine for frame culture, to cut during the Spring.

MUSCARI (Grape Hyacinths)

Blue, or white. A nice novelty made up in jardiniere or boxes. Make attractive gifts for Bridge prizes, window boxes, etc., for the Winter.

GALANTHUS. (Snowdrops). Scillas.

Hyacinths. French Roman. Virginia (blue), or white.

BOTANICAL TULIPS

Clusiana. White and Rose striped.

Kaufmanniana, Creamy flower, yellow center, pink outside.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

S. S. S. BULB ITEMS 1936

NARCISSUS

Daffodils. Results so far this year are better than we have ever known from imported stock. We have no doubt that future crops will top results of the past. Varieties that show best results this year will determine our list for next season. Among them will be:

King Alfred Minister Talma Glory of Sassenheim
Olympia Poeticus Ornatus Sir Watkin, Etc., etc.

Paper Whites. Check the results of S.S.S. Paper Whites this past season. We will be glad to have your order for some of the new crop.

Grand Soleil D'or (Yellow Paper Whites.) We buy from the source that turns out the best bulbs in the current season.

IRIS

Wedgewood. An aristocratic flower of exquisite Wedgewood blue. Fills that necessary color gap with a high class flower during the winter when flowers are scarce and always shows a profit.

Imperator. Bloemaard. Poggenbeek. Yellow Queen and all other successful varieties.

What our Daffodil grower sees from his window

Directions for use accompany all shipments.

Write for quantity discounts.

If you don't see what you want, ask for it.

INSECTICIDES

HITOX. This double-active Rotenone and Pyrethrum Spray is complete, with its own spreader. Will not stain, discolor or burn the most delicate plants or flowers. The most efficient insecticide we can recommend. Pt. \$1.75; qt. \$3.00; gal. \$9.00.

Want to let you know that the demonstration of the new Insecticide Hitox was very successful. It was applied to a bench of Roses which were full of Midge, and after three sprayings three days apart, we found the midge absolutely destroyed. There is no sign of any midge whatsoever now. I intend to spray my entire Roses with Hitox, and therefore would ask you to kindly send two gallons as soon as possible. I believe that this new preparation is a godsend to the Rose grower and believe sincerely that we do not need worry any more about Rose midge.

Very truly yours,

C. F. BERTANZEL,
The Wheatley Gardens, Roslyn, New York.

Kindly be advised that we used the insecticide Hitox on several types of plants badly affected with mealy bugs, and found same satisfactory, especially so on Kentia Palms and Phoenix. We followed out your instructions carefully.

When our supply of Hitox runs out we will call on you for a new supply.

Yours very truly,

(Signed) B. KLUGMAN,
Klugman & Schneirow, Brooklyn, N. Y.

Nicofume Liquid. 8-lb. tin (1 gal.) \$10.00

Red Arrow Insect Spray (Pyrethrum.) An excellent contact insecticide. Qt. \$2.50; gal. \$9.50.
